

NOW ENROLLING

Forgiven & Set Free

Our abortion recovery Bible study is designed to help women who have had abortions find freedom, forgiveness and grace through Jesus. Led by trained facilitators who have received forgiveness and healing, women are guided into a restored relationship through Christ.

All conversations and personal stories are kept completely confidential within the group, honoring the sensitivity and dignity of every woman who participates.

If you would like someone to contact you to share more about the abortion recovery study or if you are ready to enroll, please scan the QR code, and fill out the contact form.
